Facilitating Agile Capability Assessments for Teams

11/12/2025 3:16 pm CST

Doing a P2A assessment as part of a team retrospective is a great way to gather data and build candidate action items for what to explore next.

Locating Your Assessment

As a Poll Host

1. Select your Organization
2. From the navigation on the left of the screen, select "Assess"
3. Then select "Your Polls" to see any polls for which you are the facilitator
4. Click a poll to open it

As a P2A User

1. Select your Organization
2. From the navigation on the left of the screen, select "Assess"
3. Then select "Assessment" to see assessment information
4. If there is an active Assessment, a poll can be opened, continued, reopened for any of the business units
5. If there is not an active Assessment, one would need to be created in order to create any polls

Creating and Managing Assessments

For more information and details on creating and managing assessments for teams, systems, and organizations, refer to Assessments.
