Facilitating Agile Capability Assessments for Teams, Systems and Organizations

06/18/2025 10:01 am CDT

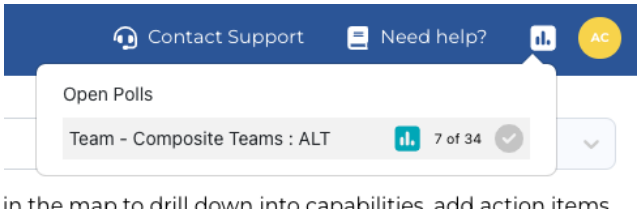

Doing a P2A assessment as part of a team retrospective is a great way to gather data and build candidate action items for what to explore next.

Locating Your Assessment

As a Poll Host

If you received an email notification that you have been assigned as a poll host:

1. Log into p2anav.com
2. At the top right of your screen, click the **Open Polls** icon to open the drop down

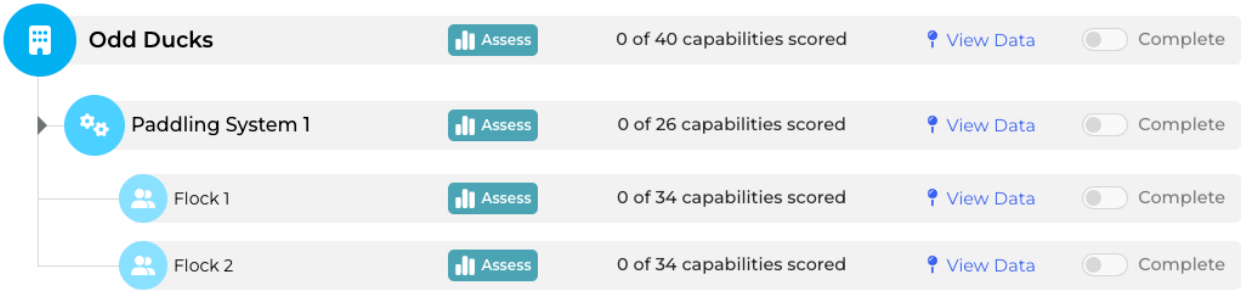

in the map to drill down into capabilities, add action items

3. Then click the **Launch Poll** icon for the desired team, system, or organization

As a P2A User

1. Log into p2anav.com
2. Click the Assessment link to view all open assessment

3. Click the Assess button for the desired team, system, or organization
