Hi, we've just released a tiny update to P2A Nav to start the week. There's only one new thing to announce:

New Features

- Notes can now be expanded inline within the side panel to view a capability. If the first line of a note goes too long, or there are multiple lines of content on the note, there will be a "View More" button present on the note, allowing you to inline expand the note.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator, sending a message in our Path to Agility Slack, or by writing to us at support@pathtoagility.com. Thank you for being a Path to Agility Navigator user!
