Hi, we've just released an update to P2A Nav. Here's what changed:

New Features

- (Beta) Reports: The Assessment Summary Report is available for early testing. If you would like Beta access to the Reports feature for you or your company to provide early feedback, please shoot an email to support@pathtoagility.com and we'll turn it on.

Bug Fixes

- Fixed an issue that caused Offline Surveys that were reopened to not have next/previous controls for participants.
- Fixed an issue where the trend could display incorrectly on the Capabilities page for organizations that had more than 3 assessments.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator, sending a message in our Path to Agility Slack, or by writing to us at support@pathtoagility.com. Thank you for being a Path to Agility Navigator user!
