

# P2A Navigator Release Notes

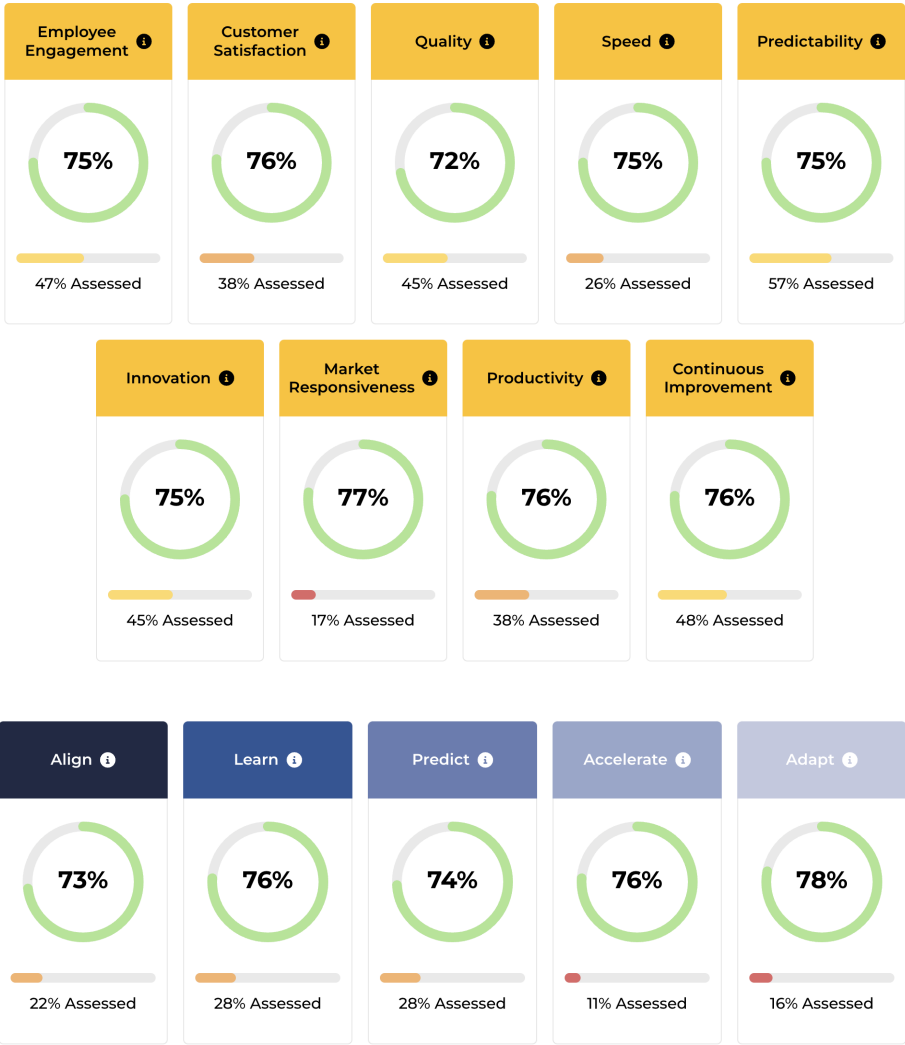

## May 15, 2024

Hi, we've just released an update to P2A Nav. Here's what changed:

### New Features

- The Company Dashboard has the first version of our overhaul for Company Admins. After selecting a data set and time range, you can visualize where your organization stands in their progress across P2A Business Outcomes as well as P2A Stages. Please let us know what you think of the upgraded visualizations, or what you would want added using the feedback section at the bottom of the page, or by writing to us directly through the usual channels.

## Changes

- We have updated the session timeout to 30 minutes. This will require you to log in more often, but results in a higher level of security for your account within the application.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator, sending a message in our Path to Agility Slack, or by writing to us at [support@pathtoagility.com](mailto:support@pathtoagility.com). Thank you for being a Path to Agility Navigator user!
