Hi, we've just released an update to P2A Nav. Here's what changed:

### Bug Fixes

- Fixed an issue where the priorities list on the Prioritization page would change even after clicking Cancel when first moving an Agile Capability.
- Fixed an issue where reports would not render for users on certain browsers. If you are still having issues accessing/generating reports in any browser, please contact support.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator, sending a message in our Path to Agility Slack, or by writing to us at [support@pathtoagility.com](mailto:support@pathtoagility.com). Thank you for being a Path to Agility Navigator user!
