

# P2A Navigator Release Notes June 10, 2024

06/10/2024 12:13 pm CDT

Hi, we've just released an update to P2A Nav. Here's what changed:

## New Features

- We've added a new user role: View Only. This role is designed to be used for users who would like to view the data, but do not need edit access on any of the data within Navigator. The default role when adding users to your company will still be Basic User. Please let us know what you think, and if you find any issues!
- The Offline Survey has a new version of the debrief modal, designed to fit better on the page and improve usability. Let us know if you have any feedback around it after using it.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator, sending a message in our Path to Agility Slack, or by writing to us at [support@pathtoagility.com](mailto:support@pathtoagility.com). Thank you for being a Path to Agility Navigator user!
