Hi, we've just released an update to P2A Nav. Here's what changed:

Bug Fixes

- Fixed an issue where the Company Dashboard was showing incorrect averages in cases where there were deleted assessments in the time period selected by the user. This has been fixed and now the data from deleted assessments is ignored when calculating averages.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator, sending a message in our Path to Agility Slack, or by writing to us at support@pathtoagility.com. Thank you for being a Path to Agility Navigator user!
