Hi, we've just released an update to P2A Nav. Here's what changed:

New Features

- Recommendations is now fully available at all stages and all levels. Learn more about the recommendations section here.

Changes

- When creating an assessment, the "Populate this assessment with data from a past assessment." checkbox is now default unchecked. This change was made to prevent accidentally copying old data into your new assessments.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator, sending a message in our Path to Agility Slack, or by writing to us at support@pathtoagility.com. Thank you for being a Path to Agility Navigator user!
