

# P2A Navigator Release Notes

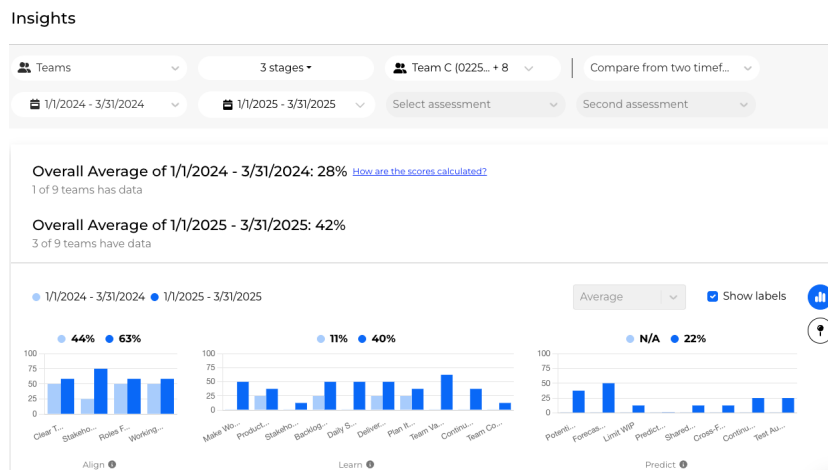

## April 30, 2025

04/30/2025 10:50 am CDT

Hi, we've just released an update to P2A Nav. Here's what changed:

### New Features

- The [Insights Report](#) now supports the comparison of data from two different timeframes. The report supported viewing data over a period of time, from a single assessment, or by comparison between two assessments. Now, data can be compared over time (i.e. quarter over quarter or year over year). This enables users to perform deeper analysis across all levels in the company.

### Changes

- Minor modifications to the Assessments page for the view only role.
