

P2A Navigator Release Notes

June 14, 2025

06/12/2025 4:45 pm CDT

Hi, we've just released an update to Path to Agility® Navigator. Here's what changed:

New Features

- **Live Poll Facilitator View** – The Live Poll has a new look! We've gathered feedback from the community and redesigned the layout to improve the experience for facilitators and participants. The following 2-minute video provides an overview of the updated layout. (Please note, there have been some improvements to the screen layout due to beta user feedback. Therefore the video will look a bit different than the current screen in Navigator.)
 - **Feature Highlight** – Results of the voting are now shared with participants (displayed on participants screens) after voting closes for a capability. This enables facilitators to seamlessly transition from voting to discussion further enhancing the overall process.

Your browser does not support HTML5 video.

- **Live Poll Participant View** – Participants will benefit from a streamlined layout for the capability information, its acceptance criteria, and rating options. A lighter color scheme was employed to help reduce fatigue on participants.
 - **Updated Participant View** –

The screenshot displays the 'Team Agility Assessment' interface for the 'Henrys team'. At the top, there's a header with the title 'Team Agility Assessment' and a toggle for 'Try the new look' which is currently turned on. Below the header, it indicates 'Question 1 of 22' and a progress bar. A 'Time remaining 0:00' indicator is also present. The main content area is divided into two columns. The left column, titled 'Align > Team > Team Formed', contains a section for 'Clear Team Purpose' with a description and a 'Watch explanatory video' button, followed by 'Acceptance criteria' with a list of four items. The right column, titled 'Rate your team', features a vertical list of five rating options: 'Not Met', 'Slightly Met', 'Partially Met', 'Mostly Met', and 'Fully Met', each with a corresponding radio button and a progress indicator.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator,

sending a message in our Path to Agility Slack, or by writing to us at support@pathtoagility.com. Thank you for being a Path to Agility Navigator user!
