Beta Features

Smart Assessments

We're introducing Smart Assessments to help teams assess faster and focus on what matters most. In 25 minutes or less, Smart Assessments pinpoint exactly where business units can improve, both internally and in how they connect with the broader organization. No more guessing about what to focus on next. Smart Assessments provide clear, actionable steps teams can start on immediately.

See the [Live Poll](#) page for more details about this feature.

As always, contact us either by clicking the Contact Support button in the top navigation of Navigator or by writing to us at support@pathtoagility.com. Thank you for being a Path to Agility Navigator user!
